

ORR EQUALIZER III SEAMED

This design is constructed by combining two individually woven base fabrics, which are laminated. The sheet side fabric functions as a masking fabric, preventing a mark from the coarser, bottom seamed fabric.

This style is ideally suited to high loaded presses producing coated box board, food board or any other heavy weight, finish critical grade.

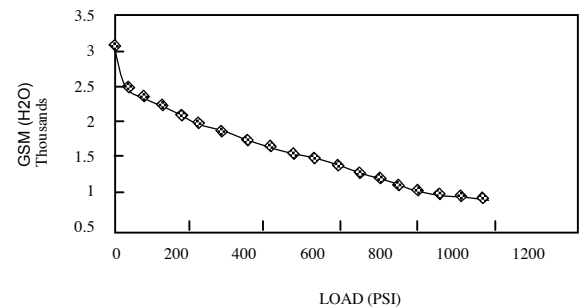

Design Options

MD Yarns	Cabled Monofilament Single Monofilament
CMD Yarns	Single Monofilament
Weights	5.2 – 6.4 oz/sq.ft. 1586 – 1952 gsm
Base Construction	Triple Layer Laminated

Application

Grades	Coated Board/Fine Paper
Positions	LNP, Suction, Ventanip, Grooved, Blind Drilled and Plain Presses

H²O Capacity Under Load

Recommended Minimum Uhle Box Vacuum

20 cfm/sq.in. at 2 – 4 msec dwell
