

ORR MAXIMIZER B-II SEAMED

This design provides all the advantages of a Maximizer B-II, but in a seamed version. The 100% single strand monofilament provides superior resistance to compaction and filling.

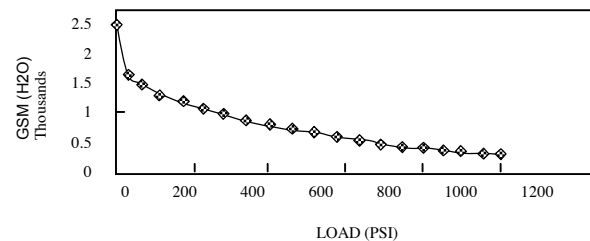

Design Options

MD Yarns	Single Monofilament
CMD Yarns	Single Monofilament
Weights	2.8 – 4.0 oz/sq.ft. 854 – 1220 gsm
Base Construction	Double Layer

Application

Grades	Tissue/Toweling/Creping/ Wadding
Positions	Yankee Bottom Felt

H²O Capacity Under Load

Recommended Minimum Uhle Box Vacuum

18 cfm/sq.in. at 2–4 msec dwell
